4. 2025/0024/LU - I10 - Metrology

5. Draft law amending the law of 7 July 2023 on prepackages not bearing the 'e' symbol and bulk sales in the legal metrology sector

6. Prepackages not bearing the 'e' symbol and bulk sales in the legal metrology sector

7.

8. In the event that the sale is made in bulk, the law of 7 July 2023 contains a table setting out the required accuracy of the weighing instrument used in such a sale. The purpose of this draft is to make amendments to this table.

9. The accuracy (verification scale interval) of 1 gram, as originally intended, cannot be adhered to by economic operators because it is not reflected in the practice of scanner-based weighing scales used in Luxembourg. Indeed, it turns out that these weighing scales with an accuracy down to 1 gram are not marketed in Luxembourg. It is therefore necessary to amend the aforementioned law and to remove the 1 gram scale interval from the table.
