4. 2026/9003/CH - S70E - Hazardous substances and preparations

5. Draft Ordinance of the Federal Council concerning amendments of the Ordinance on the Reduction of Risks relating to the Use of Certain Particularly Dangerous Substances, Preparations and Articles

6. Food contact materials

7.

8. The placing on the market of packaging that comes into contact with foodstuffs, as well as consumer goods that are intended for single use is prohibited, if they exceed the following values in homogeneous material

a) a mass content of at least one non-polymeric PFASs of 0.0000025 per cent (25 ppb);

b) a mass content of the sum of non-polymeric PFASs, including those formed by conversion from precursor compounds using a state-of-the-art process, of 0.000025 per cent (250 ppb);

c) a mass content of the sum of non-polymeric and polymeric PFASs of 0.005 per cent (50 ppm).

The requirements correspond to Regulation (EU) 2025/40 of the European Parliament and of the Council of 19 December 2024 on packaging and packaging waste, but they apply to all single-use consumer goods that come into contact with food (not only packaging).

9. The purpose of this revision of the Chemical Risk Reduction Ordinance (ORRChem) is to ensure the protection of human health and the environment from adverse effects of PFAS.
