8. The procedure establishes the operational, institutional and technical framework for granting, suspending and withdrawing the status of qualified trust service provider, in accordance with Law No 214/2024 on the use of electronic signatures, timestamps and the provision of trust services based on them and Regulation (EU) No 910/2014 of the European Parliament and of the Council of 23 July 2014 on electronic identification and trust services for electronic transactions in the internal market and repealing Directive 1999/93/EC, as subsequently amended and supplemented.

9. The reason for adopting a new legislative framework in the field of trust services was the development of the field and the use by civil society of all trust services, both qualified and unqualified. In this respect, the advanced [electronic] signature was granted equivalent status to a handwritten signature, precisely in order to develop the field.
