5. The National Board of Housing, Building and Planning's regulations on verification and accreditation of inspection bodies for motorised devices

6. Lifts, escalators, moving walkways, cableway installations, roof-mounted passenger transport devices,

motorised gates and similar devices, motorised waste disposal devices.

7.

8. The National Board of Housing, Building and Planning proposes new regulations on the carrying out of inspections and the accreditation of inspection bodies for motorised devices. The draft regulation sets out qualification requirements for accreditation of inspection bodies, as well as provisions on the scope of initial, recurrent and audit inspections. The proposal also specifies the types of defects which pose an immediate risk to safety and health and which entail a ban on the use of the motorised device in accordance with Chapter 5, Section 14 of the Planning and Building Ordinance (PBF). Furthermore, the proposal contains, among other things, requirements for the inspection protocol to be issued by the inspection body and reporting and information to be provided by the inspection body to the Swedish National Board of Housing, Building and Planning.

There is no mutual recognition clause. The draft regulation includes provisions for the control of products covered by specific harmonised EU legislation.

9. The draft regulation contains provisions specifying the requirements on the carrying out of inspections in Chapter 5, Section 8 of the PBF and the requirements for inspection reports in Chapter 5, Section 11 of the PBF. The draft regulation also specifies the competence requirements for accreditation of control bodies in accordance with Chapter 5, Section 10 of the PBF.
