5. The Swedish National Board of Housing, Building and Planning's regulations on requirements for the use of motorised devices

6. Lifts, escalators, moving walkways, cableway installations, roof-mounted passenger transport devices,

motorised gates and similar devices, motorised waste disposal devices.

7.

8. The Swedish National Board of Housing, Building and Planning proposes new regulations on requirements for the use of motorised devices. The draft regulation contains requirements for design, execution, installation and use, requirements for control and requirements for ongoing supervision, care and maintenance. Furthermore, the draft contains provisions specifying the improvement requirements in the Planning and Building Act (PBL) and the Planning and Building Ordinance (PBF) for existing lifts with a cage and cableway installations.

There is no mutual recognition clause. The draft regulations include regulations on the use, inspection and operation, continuous supervision, care and maintenance of products covered by specific harmonised EU legislation.

9. The draft regulations contain provisions specifying the requirements for control and use in Chapter 5, Sections 8 and 12 of the Planning and Building Ordinance (2011:338) and maintenance of motorised devices in Chapter 8, Section 14, third paragraph of the Planning and Building Act (2010:900). The proposal also specifies the technical characteristics requirement in Chapter 3, Section 10 of the PBF specifically for motorised devices to counter unacceptable risks of accidents. Furthermore, the draft regulation specifies overall improvement requirements for existing cableway installations for the transport of persons in Chapter 8, Section 24 of the PBL and for lifts in buildings in Chapter 3, Section 11(4) to (6) and Chapter 3, Section 12, last paragraph of the PBF.
