5. Amendment on order on certain requirements concerning packaging, extended producer responsibility for packaging, and other waste collected with packaging waste

6. Packaging

7.

8. § 1

§ 1 (3) is deleted. This is in order to ensure that beverage containers and cups for beverages are not

exempted from rules in Chapters 2 and 3.

§ 35.

§ 35(1) is clarified in order to clarify that the payment obligation of producers in connection with the take-over of waste from municipalities applies to both collection and transport to a place designated by the producer, in cases where § 45 applies.

§ 77.

A new § 77 shall be inserted. This would mean that collective schemes that have been obliged to take over waste by emergency allocation in the event of the termination of another collective scheme could request payment for actual documented costs via the deposit of the terminated collective scheme. This ensures that the responsible producers pay for the waste treatment.

Other corrections

In connection with the update of the Order, a number of updates are also made, in which historical deadlines are deleted and references updated, both in provisions and annexes.

9. The order on certain requirements for packaging, extended producer responsibility for packaging and other waste collected with packaging waste is updated in order to ensure that collective schemes which have been obliged to take over waste by emergency allocation can recover their actual, documented costs through the guarantee for the period up to the entry into force of a new allocation. In addition, a few minor clarifications and consequential corrections are made.
