6. On 13 January 2026, the Belgian authorities notified under reference 2026/0011/BE the draft 'Decision extending the submission for export of the medicinal products Creon 25.000300 mg gastro-resist. 200 and Creon 35.000420 mg gastro-resist gel. 200 intended for the Belgian market for prior authorisation' and requested the urgent adoption procedure provided for in Article 6 (7) of Directive (EU) 2015/1535.

Following examination of the draft, the Commission is of the opinion that the claim for urgent adoption is justified.

The fact that the Commission accepts the urgency of this case in no way prejudices its assessment of the compatibility of the notified measure with European Union law.
