4. 2026/0157/BE - V10T - Radio interfaces

5. Radio interfaces for low-power devices that communicate with satellites (LPD-S)

6. low-power devices that communicate with satellites (LPD-S)

7.

8. This concerns the radio interfaces K06-01 to K06-10 for low-power devices that communicate with satellites (LPD-S). These radio interfaces contain the details of the frequency plan and description of the minimum technical requirements of the radio communications devices concerned in relation to the efficient use of the radio spectrum.

9. In order to promote the internal market, the existing Belgian radio interfaces should be adapted as quickly as possible to the current technological developments. These interface specifications also serve to ensure efficient use of the radio frequency spectrum.
