5. Draft regulation on the dimensions and other technical characteristics of vehicle registration plates and transfer badges

6. Vehicle registration plate, transfer badge.

7.

8. The current regulation on the dimensions and other technical characteristics of vehicle registration plates and transfer badges (TRAFICOM/65798/03.04.03.00/2024) entered into force on 16 December 2024.

On 3 October 2024, the Ministry of Transport and Communications launched a legislative project focusing on taxis in accordance with the Government Programme (Government proposal on amending the Act on Transport Services, VN/25768/2024, LVM038:00/2024), aiming to reinforce consumer confidence in taxi services, promote the availability of taxis, consider the various customer groups throughout Finland, as well as enhance the supervision of taxi services and combat the grey economy.

Among other things, the legislative amendment proposes that a requirement to display a separate taxi sign be introduced for vehicles used in taxi services. In this project, the necessary amendments to the currently valid regulation on taxi signs would be introduced from a proposed amendment to the Vehicles Act (82/2021).

9. The power to issue regulations is based on the following legal provisions:

Vehicles Act (82/2021), sections 99(3) and 118(5).
