4. 2025/0407/HU - X00M - GOODS AND MISCELLANEOUS PRODUCTS

5. Draft Decree of the Ministry for National Economy amending Decree No 8/2025 of the Ministry for National Economy (III.31.) on the distribution and operation of e-cash registers and the requirements for e-cash registers and for issuing e-receipts

6. E-cash registers, e-receipt

7.

8. As a cybersecurity requirement, the draft stipulates that:

- the authorisation of cloud-based e-cash registers is subject to the condition that the distributor has a cybersecurity audit carried out in accordance with Hungary's Cybersecurity Act by an auditor registered by the Supervisory Authority for Regulated Activities (hereinafter: SZTFH) for security class 'significant' or 'high', as a result of which the resilience index of the entity is assessed at least 'audited',

- in the case of hardware-based e-cash registers, it is a condition of authorisation that the distributor is in possession of a certificate from the tax control unit manufacturer which attests that the tax control unit manufacturer holds a national cybersecurity certificate issued at least at 'basic' assurance level in accordance with the SZTFH Decree on a national cybersecurity certification scheme for IoT devices.

In addition, the technical requirements are amended in order to clarify them.

9. Decree No 8/2025 of the Ministry for National Economy (III.31.) on the distribution and operation of e-cash registers and the requirements for e-cash registers and for issuing e-receipts (hereinafter: Decree) entered into force on 1 April 2025. E-cash registers capable of issuing e-receipts may be authorised if they comply with the technical requirements laid down in the Decree. The use of e-cash registers will be possible on a voluntary basis from 1 July 2025.

Taking into account the provisions of Act LXIX of 2024 on cybersecurity in Hungary, which entered into force on 1 January 2025, the draft provides for new cybersecurity requirements as a condition for the authorisation of e-cash registers.

In addition, based on experience from the developments relating to the operation of the e-cash register system, the draft clarifies the prescribed technical requirements.
