4. 2026/0216/FI - T00T - TRANSPORT

5. Draft Government Decree amending the Government Decree on Vehicles

6. Taxi services

7.

8. A provision would be added to the Decree concerning the licence plate of a vehicle used for taxi services and the colour (green) of said plate.

The Government Decree would only provide for the colour of taxi plates that are to be made mandatory as a result of the proposed amendments to the Vehicles Act that are currently being considered by Parliament. All other rules, requirements and obligations have already been set out in the proposed amendments to the Vehicles Act.

The amendment is proposed, because a Government Proposal for an Act amending the Act on Transport Services and related Acts (GP 15/2026 vp) has been submitted to Parliament, proposing provisions to be included in the Vehicles Act on separate compulsory licence plates in colour (taxi plate).

9. The Government Proposal (GP 15/2026 vp) on amending the Act on Transport Services and related legislation proposes, amongst other things, amendments to the Vehicles Act (82/2021). Going forward, the Vehicles Act would require that separate licence plates be issued for vehicles used for the provision of taxi services, and that these plates should differ from normal licence plates. However, the Act would not lay down the details of these taxi plates; instead, the Act would be supplemented in this respect by the Decree on Vehicles.

In accordance with section 99(2) of the current Vehicles Act, further provisions on the issuance of registration plates, the content of the registration mark, the colour of the plates and how the registration mark is specified may be laid down by Government Decree. In the future, the same power to issue decrees would be included in section 99, subsection 3. The Government Proposal referred to above does not propose any substantive changes to this power – only the number of the subsection would change. The Decree would be issued pursuant to section 99(3), once the amendments to the Vehicles Act have been enacted.
