4. 2025/0483/DE - V10T - Radio interfaces

5. SSB SE 031 – Interface specification for UHF radio communication systems for communication on board ships (only in maritime radio service); April 2025 edition

6. UHF radio communication systems for communication on board ships (only in marine radio service)

7.

8. The interface description (SSB) regulates the basic requirements for UHF radio communication systems for communication on board ships (only in maritime radio service) in accordance with Section 4(2) of the Act on the Provision of Radio Equipment on the Market (Radio Equipment Act – FuAG).

This interface specification replaces SSB SE 027, June 2018 edition, notified under No 2018/0500/D.

9. The interface specification serves to ensure both that the radio spectrum is used effectively and that there is support for the efficient use of radio frequencies, so that no radio interference occurs. The interface specification is mandatory pursuant to Directive 2014/53/EU.

10. Reference to the basic texts: Basic texts have been forwarded under a previous notification:
