See the attached file.

8. This amendment to Decree No 152/2009 of 12 November of the Ministry of Agriculture and Rural Development on the mandatory requirements of the Codex Alimentarius Hungaricus updates the Hungarian Food Code with a new regulation on beer. The aim of the national regulation is to ensure that beers meet a certain standard of quality before reaching consumers, and that consumers receive adequate information about the nature and quality of the products that are designated as beer.

9. The regulation contains a definition for beer, flavoured beer, non-alcoholic beer, special-quality beer and special-quality flavoured beer.

The draft also specifies the quality characteristics of the products, the list of ingredients that may be used in their production, along with the labelling rules. The regulation contributes to the provision of adequate information to consumers and to the promotion of quality beer production.
