4. 2026/0207/RO - I20 - Pressure equipment, gas appliances and boilers

5. TECHNICAL PRESCRIPTION PT CR 6-2025 – AUTHORIZATION OF NON-DESTRUCTIVE TESTING OPERATORS AND LEGAL PERSONS PERFORMING NON-DESTRUCTIVE EXAMINATIONS AND DESTRUCTIVE TESTING

6. Authorization of natural persons and legal persons for non-destructive examinations and destructive

testing

7.

Directive 2006/123/EC on services in the internal market

Other

Natural and legal persons authorised by the ISCIR (State Inspection for Boilers, Pressure Vessels and Lifting Installations), as well as natural and legal persons authorized in equivalent fields of activity by the competent authorities of a Member State of the European Union or a state that is a party to the agreement on the European Economic Area, shall be registered in the ISCIR Register of authorized legal persons.

The current regulation does not contain provisions regarding the authorisation of all categories of non-destructive testing operators, nor of legal persons performing destructive testing, resulting in the following:

- inability to authorize non-destructive testing operators for acoustic emission,
- inability to authorise legal persons performing non-destructive examinations by the acoustic emission method,
- inability to authorise legal persons performing destructive testing;

The measure is proportionate to the proposed objective.

8. This technical prescription establishes the requirements for the authorization of non-destructive testing operators who perform non-destructive examinations, as well as for the authorization of legal persons performing non-destructive examinations and destructive testing on pressure equipment and lifting installations subject to ISCIR supervision and technical inspection.

9. Failure to adopt the draft technical prescription PT CR 6-2025 leads to the use of references to outdated editions of European standards.
