4. 2026/0203/RO - I20 - Pressure equipment, gas appliances and boilers

5. PT CR 2-2025 – AUTHORISATION/APPROVAL FOR OPERATION AND IN-SERVICE TECHNICAL INSPECTION OF INSTALLATIONS/EQUIPMENT WITHIN THE SCOPE OF ISCIR REGULATIONS

6. These technical regulations have been drawn up to ensure the safe operation of pressure equipment, lifting equipment and fuel-burning appliances, with amendments

7.

8. Pressure equipment and conventional lifting equipment, as well as fuel-burning appliances, are subject to technical inspections prior to authorisation or approval for operation and during use, carried out in accordance with the provisions of the applicable specific technical regulation and this technical regulation.

9. The absence of a technical prescription regulating the admission of operation, the authorisation to operate, the provisional authorisation of operation and technical checks in service of the installations/equipment leads to:

- owners/users of installations/equipment may not use them during the period between technical inspections carried out for the purpose of authorising operation and the granting of an operating licence by ISCIR;
 - the use of a printout of the installation/equipment card not covered by any technical prescription;
- the absence of a document issued by ISCIR certifying that the installation/equipment is authorised to operate;
- the registration by ISCIR of facilities/equipment on the basis of documents issued by CNCIR SA, which are not regulated in any technical prescription;
- codification in an ununified manner of the admission to operation by natural or legal persons authorised by ISCIR;
