5. Proposal for Government Decrees on compensation paid by producers of certain plastic products to municipalities in 2026–2028 and on amendments to Section 1 and Annexes 1 and 3 of the Government

## Decree on certain plastic products

6. Single-use plastic products listed in Part E of the Annex to the SUP Directive (EU) 2019/904, nicotine pouches, and single-use plastic products referred to in Article 67(5) of the Packaging and Packaging Waste Regulation (EU) 2025/40.

7.

8. The proposed decrees concern the Act on amending the Waste Act (1402/2025), which amended the cost liability of producers of certain single-use plastic products for measures implemented by municipalities to prevent and clean up littering.

The proposal suggests the adoption of a new Government Decree on the compensation paid by producers of certain plastic products to municipalities in 2026–2028. The decree would lay down criteria for determining the criteria for compensation paid by producers to municipalities. The decree would repeal the Government Decree (1320/2022) on compensation paid by certain plastic product manufacturers to municipalities.

The proposal also suggests an amendment to the Government Decree (1318/2022) on certain plastic products. Nicotine pouches would be included in the products subject to the obligations of producers, producer organisations and authorised representatives under the Decree. The amendment would also implement the changes outlined in Regulation (EU) 2025/40 of the European Parliament and the Council on packaging and packaging waste, amending Regulation (EU) 2019/1020 and Directive (EU) 2019/904, and repealing Directive 94/62/EC, and the changes to prohibitions on the placing on the market as outlined in Directive (EU) 2019/904 of the European Parliament and the Council on the reduction of the impact of certain plastic products on the environment.

9. The purpose of the Decrees is to lay down provisions supplementing the Waste Act (646/2011) that would determine the compensation paid by producers of certain single-use plastic products and nicotine pouches to municipalities, and on the general producer liabilities of producers of nicotine pouches. The amendment to the Decree on certain plastic products is also part of the implementation of the Packaging and Packaging Waste Regulation (EU) 2025/40.
