8. The draft ordinance contains rules on the interior arrangement and equipment in vehicles to be used for driving lessons and practical driving tests.

Annex 1 contains rules on the interior arrangement and equipment in vehicles to be used for driving lessons and practical driving tests, including requirements for vehicles used in closed practice spaces or driving safety centres.

Annex 3 is not covered by the notification requirement under the Information Procedure Directive.

9. The draft ordinance implements the provisions regulated in Directive 2006/126/EC on driving licences in Annex II, B., 5. The vehicle and its equipment. There are additional requirements for vehicles and their equipment beyond those regulated in the directive.

The purpose of the requirements for vehicles and their equipment is to improve road safety so that driving instructors and examiners are able to assess a learner driver's skills and competences. In addition, further requirements ensure that driving instructors and examiners are able to intervene in the event of a learner driver making a driving error or engaging in dangerous behaviour that threatens the safety of the passengers or other road users.
