5. Ministerial Decree laying down the conditions and procedures for the award of the Italian Organic Mark pursuant to Article 6(3) of Law No 23 of 9 March 2022

6. Organic products marked with the words 'Agricoltura Italia' or 'Acquacoltura Italia', as referred to in Article 32(2) of Regulation (EU) 2018/848.

7.

8. The proposed decree implements the provisions of Article 6, paragraph 3, of Law No. 23 of 9 March 2022, titled 'Provisions for the protection, development and competitiveness of organic agricultural, agri-food and aquaculture production'. This involves adopting regulations that govern the use of the Italian organic label and define the conditions and procedures for its allocation.

The idea is to promote and enhance national organic products by using a distinctive graphic symbol to distinguish those produced using organic methods and made with raw materials grown or reared in Italy. The draft decree in question consists of five articles and two annexes.

9. The interests of operators using the Italian organic label are protected, as are those of consumers purchasing organic products under the Italian organic label.
