8. This draft contains specifications for wiring and in-building infrastructure per type of building. Geographical differentiation is provided for (zone I and zone II), to factor in the development of the Belgian market. In addition to the actual technical specifications, provisions are also made for a form of certification for the installations.

9. Article 10(4) of Regulation (EU) 2024/1309 of the European Parliament and of the Council of 29 April 2024 (Gigabit Infrastructure Act) requires Member States to adopt the relevant standards or technical specifications that are necessary for the implementation of paragraphs 1, 2 and 3 by 12 November 2025. This draft is intended for the purpose of the adoption of the aforementioned by Belgium. The said standards or technical specifications will easily allow ordinary maintenance activities for the individual fibre wirings used by each operator to provide VHCN services.
