under paragraph 1 of Article 59 of Law No. 488 of 23 December 1999, concerning the development of organic farming and [...]

6. The notified draft Decree applies to synthetic fertilisers, which will be subject to a 2% contribution of the previous year's turnover.

7.

8. The draft consists of 4 articles and 1 Annexe.

In accordance with Article 59, paragraph 1, of Law No. 488 of 23 December 1999, as amended, Article 1 stipulates that the list of synthetic fertilisers subject to the payment of the 2% annual contribution is hereby defined, as set out in Annexe 1, which forms an integral part of the decree.

Article 2 provides that where the fertiliser product placed on the market consists of one or more of the fertilisers listed in the annexe to this decree for only a fraction, the contribution shall be paid in proportion to the quantity of these fertilisers present in the product.

Article 3 stipulates that the annual contribution referred to in Article 1 shall be paid in accordance with the provisions set out in the 23 June 2023 decree of the Minister of Agriculture, Food Sovereignty and Forestry, agreed with the Minister of Economy and Finance, on 'Methods of payment of the annual contribution for food safety'.

Article 4 stipulates that fertilisers legally marketed in another Member State of the European Union or Turkey, or originating from an EFTA state that is a signatory to the EEA Agreement and legally marketed therein, are subject to the payment of the 2% annual contribution, in accordance with Regulation (EU) 2019/515 of the European Parliament and of the Council of 19 March 2019.

Article 5 stipulates that, from the date of entry into force of this decree, the Ministerial Decree of 22 February 2007 is repealed.

Annexe 1 lists the synthetic fertilisers that are subject to a contribution when they are placed on the national market, in accordance with the Legislative Decree 75/2010 and regulation (EU) 2019/1009 as amended.

9. The project's objectives are to update the list of synthetic fertilisers subject to the 2% levy, in line with regulatory developments concerning the placing of fertiliser products on the market (Italian Legislative Decree 75/2010 and European Regulation (EU) 2019/1009).
