5. Draft Order of the Minister for Agriculture of the Republic of Lithuania amending Order No 3D-333 of the Minister for Agriculture of the Republic of Lithuania of 12 August 2003 'On the Approval of the Technical Regulation for Honey'

6. Honey

7.

8. The objective of the project is to implement Directive (EU) 2024/1438 of the European Parliament and of the Council, adopted on 14 May 2024, amending Council Directives 2001/110/EC relating to honey, 2001/112/EC relating to fruit juices and certain similar products intended for human consumption, 2001/113/EC relating to fruit jams, jellies and marmalades and sweetened chestnut purée intended for human consumption and 2001/114/EC relating to certain partly or wholly dehydrated preserved milk for human consumption ('Directive 2024/1438'). The provisions of the Directive on honey have been incorporated into the Draft. However, to protect consumer interests, better inform them about the origin of honey in honey blends, reduce cases of honey adulteration, and ensure greater market transparency, we propose that the Draft enter into force on 1 June 2025. It is provided that products placed on the market or labelled before 1 June 2025 may be marketed until stocks are exhausted.

9. The second subparagraph of Article 5(1) of Directive 2024/1438 sets a deadline of 14 June 2026 for the application of the provisions transposing the Directive. In order to better protect the interests of consumers and to better inform them about the origin of honey contained in honey blends, to reduce honey adulteration and to ensure greater market transparency, given the close link between the quality of honey and its origin, we propose to set an earlier deadline for the application of the provisions in the Draft, namely 1 June 2025, providing that products placed on the market or labelled before 1 June 2025 may be marketed until stocks are exhausted.
