5. Draft decree regulating artisanal food production.

6. C50A FOOD PRODUCTS/FOODSTUFFS

7.

8. The purpose of this decree is to regulate artisanal food production, specifically:

- a) The system for recognising artisanal food businesses.
- b) The operating procedure of the Register of Food Businesses.
- c) The certification of artisanal food production by means of the artisanal food label, hereinafter referred to as the "artisan label", which will identify artisanal food products on their labelling, presentation and advertising, and the "artisanal food business certificate" that certifies the status of an artisanal food business.

9. The purpose of this decree is to regulate artisanal food production and, in particular, the system for recognising artisanal food businesses, the operating procedure of the Register of Food Artisans, and the certification of artisanal food production by means of the artisanal label that will identify artisanal food products on their labelling, presentation and advertising. All of this is aimed at promoting and protecting the unique production and preparation of artisanal food products, which contribute to the preservation and enrichment of food culture, the economic diversification of agricultural holdings, the search for added value in local productions, and the synergy with new economic activities developing in the rural world, and thus contribute to the establishment of the rural population.
